To Whom It May Concern:

The Middle States Commissions on Elementary and Secondary Schools (MSA-CESS) currently recognizes the Uchenna Academy in Toronto, Canada as a Candidate for Accreditation. The school is listed as a Kindergarten through 12th grade institution and is working on their initial accreditation and plans to host their Validation Visit this year for a full accreditation term of seven years.

Please visit our website at www.msa-cess.org for any additional information regarding the school's accreditation.

The Middle States Association is one of six regional accrediting agencies in the United States. We have nearly 3000 member schools in the United States and more than 90 countries around the world. The Middle States Association is a part of the International Alliance of School Accreditors, along with the Western Association of Schools and Colleges and the New England Association of Schools and Colleges. Typically accreditation by any U.S. regional accrediting agency is recognized in any region in the United States.

The Middle States Association is recognized by the U.S. Department of Education and works closely with the U.S. State Department on the accreditation of international schools attended by the diplomatic corps and U.S. citizens living abroad.
